Budapest, 15 April 2026

Invitation to the next meeting of the IOTA Forum on Implementation of Measures to Counter Base Erosion and Profit Shifting (BEPS)

Dear Colleagues,

The Intra-European Organisation of Tax Administrations (IOTA) is organising the next meeting of the IOTA **Forum on Implementation of Measures to Counter Base Erosion and Profit Shifting (BEPS)**, which will be held digitally via MS Teams platform on **20th – 21st May 2026**.

This year's Forum meeting will focus on the following aspects:

- ongoing work of OECD and IOTA members regarding the BEPS implementation process;
- current developments of Pillar 2 implementation and the challenges for tax administrations;
- CbC Reporting data, quality of data received, its use for risk analysis purposes, and progress in their usage that was identified over time;
- new definition of Remote Permanent Establishment, following the OECD's newly published guidance on permanent establishment and remote work, how this is translated, whether further clarity has been achieved, and what the changes are compared to the previously adopted approach.

For further information about the structure and content of this event, please consult the [Background Note](#) and [draft Agenda](#), which can be found on the [dedicated webpage](#) for the event, in the "Documents" section.

Participants attending the Forum meeting should read [the Joining Instructions for Microsoft Teams](#).

Participants attending this event will be representatives from IOTA member tax administrations who are responsible for and/or dealing with the practical implementation of BEPS measures.

There is no limit to the number of participants who can attend the digital meeting of the IOTA Forum. However, participants are required to register for this event **by 13 May 2026** using [the IOTA e-registration form](#).

A few days before the start of the event, participants will receive a link via email from the IOTA Secretariat to access the event using MS Teams.

Please be aware that if we receive your registration after the deadline, the Organisation will not be able to guarantee participation in the Group Discussion Sessions. However, this event will be recorded and made available for watching “on-demand” through the IOTA website (only for registered users).

The webinar will be conducted **in English**, the working language of the Organisation.

Should you have any questions about this IOTA event, you can contact the following members of the IOTA Secretariat:
